

Cambodia

Overall Risk Score: 79

Risk Level: very high

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

- 1. Business Interactions with Government:** Cambodia receives a very poor score of 92 in this domain, based on a high degree of government interaction, a very high expectation of bribes, and a very high regulatory burden.
- 2. Anti-bribery Deterrence and Enforcement:** Cambodia receives a poor score of 68 in this domain, based on a low quality of anti-bribery dissuasion and a low quality of anti-bribery enforcement.
- 3. Government and Civil Service Transparency:** Cambodia receives a poor score of 80 in this domain, based on poor governmental transparency and very poor transparency of financial interests.
- 4. Capacity for Civil Society Oversight:** Cambodia receives a poor score of 63 in this domain, based on a low degree of media freedom/quality and a low degree of civil society engagement.
