

# Liberia

**Overall Risk Score: 61**

**Risk Level: high**

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

1. **Business Interactions with Government:** Liberia receives a poor score of 71 in this domain, based on a high degree of government interaction, a very high expectation of bribes, and a medium regulatory burden.
2. **Anti-bribery Deterrence and Enforcement:** Liberia receives a poor score of 63 in this domain, based on a medium quality of anti-bribery dissuasion and a low quality of anti-bribery enforcement.
3. **Government and Civil Service Transparency:** Liberia receives a poor score of 62 in this domain, based on poor governmental transparency and medium transparency of financial interests.
4. **Capacity for Civil Society Oversight:** Liberia receives a medium score of 40 in this domain, based on a medium degree of media freedom/quality and a medium degree of civil society engagement.
